

THE ENDODONTIC FORUM: SCIENTIFIC INNOVATION FOR THE MODERN ENDODONTIST

Featuring the GentleWave® System

Sound Science®

ACADEMY

PROGRAM OVERVIEW

The Endodontic Forum is a leading educational and networking experience created by clinicians for clinicians with a common goal: to elevate the standards of endodontic treatment. This two-day event will offer clinical and practice management resources to implement the latest technology advancements into your day-to-day, elevating the quality and profitability of your endodontic practice. For those who have not received a GentleWave System certification, we will be offering an opportunity to have a hands-on experience with the GentleWave Procedure on extracted teeth.

PROGRAM OBJECTIVES

- Review how new technology – such as the GentleWave System – can elevate endodontic treatment while preserving tooth structure, improving patient experience, and increasing practice efficiency.
- Examine the GentleWave System Mechanism of Action and the science behind its safety and efficacy.
- Discuss opportunities for creating a more predictable and simplified workflow through use of technological advancements.
- Enhance clinical diagnostic performance and efficiency through a critical review of peer-reviewed research, focusing on key findings applicable to day-to-day practice.
- Examine techniques to effectively grow referral network.
- Apply learnings in a hands-on clinical lab with instructor oversight (for those who have not received GentleWave System certification).
- Review clinical case studies and mentor-led discussions of treatment and outcomes.

AUGUST 16–17, 2024

SONENDO HEADQUARTERS

26081 Merit Circle, Suite 117
Laguna Hills, CA 92653
