

EXCEED EXPECTATIONS IN ROOT CANAL THERAPY: TECHNOLOGY INTEGRATION FOR A PREDICTABLE, PROFITABLE, AND PATIENT-CENTRIC PRACTICE

INTENDED AUDIENCE

Endodontists interested in learning about new technology including the GentleWave® System.

COURSE OVERVIEW

As new technology emerges in dentistry, questions arise for the modern endodontist: what kind of impact would this technology have on my patients, my team, and my practice? This course will answer these questions and help you gain an understanding of the latest peer-proven technologies in the endodontic space today. Hear from clinicians who have leveraged technology to impact the patient experience, create a more predictable root canal procedure, and maximize profitability for their practice – without adding unnecessary complexity to their routine.

COURSE OBJECTIVES

- Examine the GentleWave System Mechanism of Action and the science behind its safety
- Discuss opportunities for creating a more predictable and simplified workflow through use of technological advances such as the GentleWave System
- Review the return on investment and related practice management techniques with the GentleWave System, to include scheduling, billing, and marketing
- Apply learnings in a hands-on clinical lab with instructor oversight

COURSE INSTRUCTORS

Pirooz Zia
BDS, MScD

Dr. Pirooz Zia received his dental degree from the University of London in 1991. After completing a term as a house surgeon at Guy's Hospital in London, he received his certificate of advanced graduate studies in endodontics in 1995 from Boston University. He continued on at Boston University to receive his master's degree in endodontics. Dr. Zia now maintains a full-time private practice and presents nationally and internationally on current endodontic techniques.

Dan Boehne
DDS

Dr. Boehne is a Board Certified Diplomate of the American Board of Endodontics. He earned his DDS from the UCLA School of dentistry, where he received multiple awards and recognitions. He practiced general dentistry in South Orange County for several years before attending the VA hospital in long beach for his endodontic certificate. He continues to serve his community as an endodontist and a part time clinical instructor at the UCLA school of dentistry. In 2009, UC Irvine honored Dr. Boehne with the *Lauds and Laurels Distinguished Alumni of the Year Award* for his contributions to dentistry, education and philanthropy. He was named one of the top 40 Under 40 dentists by Incisal Edge magazine in 2017.
